# INTRODUCTION

---

---

## Introduction:

As Dr. Atul Gawande described in his book:  
“Being Mortal,”  
there is a growing demand for seniors’ solutions.

---

---

# CONCERNS?

Old age can become costly and complex.  
Do we have what will be needed to provide for our elders?  
Are our current solutions the best we can do?

Growing concerns with finding personnel.  
Is the for-profit model working?

---

---

**What are novel approaches to old issues facing new challenges?**

# **NEW CHALLENGES**

- **Growing geographical distance of families.**
  - **Increasing age due to better or good health.**
  - **Increase in memory-related illnesses due longentility.**
-

---

# PROBLEMS?

**Are large-scale operations meeting the needs of elders,  
or causing neglect?**

---

---

# NEW CONCEPT

## General approach

**Small home (Oasis) sites where members can attend closely supervised activities and draw closer support and attention.**

## Advantages

**Avoid moving**

**Decrease cost**

---

---
